**GENERAL NOTES**

1. The surveyor has not disturbed the site. This survey was prepared without the benefit of a site examination or other reason. All items of record are as shown.
2. Flood Statement: I have examined the Federal Emergency Management Agency's Flood Insurance Rate Study (FIRMS) for the area and the map indicates this tract to be in "Zone X" determined to be outside the 100 year flood plain. This plot lies within a designated Special Flood Hazard Area, inundated by 100 year flood or Other Flood Areas.

Warning: If this site is not within an identified Special Flood Hazard Area, this statement does not imply that the property and/or the structures thereon will be free from flooding or flood damage. This determination has been made by scaling the property on the Flood Insurance Rate Study (FIRMS) map. This flood statement shall not create liability on the part of the surveyor.

TO: Mr. Cherdahli:  
 I, David J. Strauss, certify that this survey was prepared under my supervision and meets Texas Professional Land Surveyors requirements for a Category 5, Condition 1 survey.
